Skills

- Frontend : React, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3,
- Systems & Backend: C, Node.js, Shell Scripting, REST APIs
- 3D & Creative Tools: Blender (Modeling, Lighting, Rendering), Figma
- Tools & Platforms: Git, GitHub, Vercel, VS Code, Linux

Language

- Arabic
- English
- French

Education

● (2022–2023)

UNIVERSITY MOHAMMED VI POLYTECHNIC
IDC Morocco (EON Reality Partner)

Certificate in 3D Modeling & Unity Development

Gained hands-on experience in the full 3D production pipeline, from modeling and texturing assets to developing interactive applications in the Unity engine. Covered key concepts in real-time rendering and optimization for AR/VR.

● (2023 – present)

UNIVERSITY MOHAMMED VI POLYTECHNIC
1337 Coding School (42 School Network)

Mastered foundational concepts in C programming, computer graphics, and web development through a rigorous, peer-to-peer, project-based curriculum that fostered exceptional problem-solving and self-learning abilities.

Projects

SNAPSHOT – E-COMMERCE SPA

A server-rendered e-commerce SPA built with Next.js and Redux for a modern shopping experience.

INTERACTIVE PERSONAL PORTFOLIO

A dynamic portfolio site to showcase personal projects.

- Built a custom, card-based interface with complex animations using **Framer Motion**.
- Implemented conditional rendering to dynamically display various media types, including interactive 3D models, high-resolution images, and project details.
- Ensured a fully responsive design for a seamless experience on all devices.
- **Tech Stack:** Next.js, React, TypeScript, Framer Motion, CSS Modules.
